FOR IMMEDIATE RELEASE

Digital Samba Announces Exclusive Web Summit 2024 Offer: 50% Off for the First 12 Months for Participants

Barcelona, Spain - 21 October 2024 - Digital Samba, SL, a leading provider of white label video conferencing technology, is excited to unveil an exclusive offer for all Web Summit 2024 participants. Attendees will receive an exceptional 50% discount on the first 12 months of subscription for Digital Samba's Video Conferencing API. This special offer is available only during the summit and is designed to help businesses and developers seamlessly integrate world-class video communication calls with prebuilt features into their platforms.

About Digital Samba's Pre-Built Video Conferencing API

Digital Samba's Video Conferencing API is a cutting-edge solution designed for developers and businesses seeking to embed secure, high-definition video conferencing into their websites and applications with ease. Offering unparalleled flexibility, the API enables seamless integration with existing platforms without the need for extensive coding, delivering advanced features straight out of the box.

These pre-built features include real-time video streaming, screen sharing, interactive whiteboards, content library, AI transcriptions and summaries in many different languages as well as customisable video settings, ensuring exceptional video quality alongside a privacy-first approach with end-to-end encryption and GDPR compliance.

Built with flexibility in mind, Digital Samba's API simplifies the process of embedding video communication, supporting a range of industries from healthcare (telemedicine or online psychotherapy) to legal, remote collaboration, education (e-learning and virtual

classrooms) and large scale events, by delivering tailored, efficient solutions for every use case.

"Our team is executing on our vision to be the easiest and fastest way to embed video conferencing into any software product," said Robert Strobl, CEO of Digital Samba.

"We're committed to delivering a seamless integration experience while providing developers with everything they need to build cutting-edge communication solutions."

Digital Samba's solution is dedicated to enabling remote communication that feels personal, professional, and secure. Whether you're facilitating virtual meetings, webinars, or remote patient consultations, the API is designed to provide an immersive, intuitive, reliable but also accessibility-friendly experience for users globally.

Exclusive Offer for Web Summit 2024 Attendees

For Web Summit 2024 participants, this limited-time offer presents a unique opportunity to enhance their platforms with state-of-the-art video conferencing technology at half the usual price. The offer includes:

- **50% discount** on the first 12 months of subscription
- **Full access** to all premium API features
- **Dedicated support** for seamless integration

"We're thrilled to be part of this year's Web Summit and on that occasion offer all Web Summit attendees an exclusive opportunity to harness the power of Digital Samba's API at an incredible value," said Digital Samba CEO and co-founder Robert Strobl. "Whether you're looking to scale your business or improve your user experience, our solution offers unmatched versatility and security."

This exclusive offer can be redeemed by contacting our team online via the Web Summit app before, during or after the summit, or by visiting Digital Samba's stand at Web Summit 2024 on 13 November 2024.
